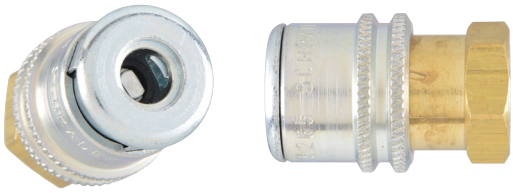
Miscellaneous Tire Hardware

Special Clip-On Type Air Chuck for Regular Air Lines

5265 Clip-On Air Chuck

Locks into cap threads of valve stem when sliding sleeve is pushed to forward position. Releases when sleeve is pulled back. (Standard Pack: 10 per box)



Large Bore Air Chucks

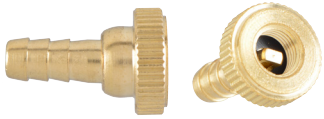
4660A Clip-On Air Chuck

Attaches to 1/4" NPT hose fitting. Snaps on large bore valve when sleeve is moved forward, releases when sleeve is pulled back. Eliminates the need to hold chuck by hand. (Standard Pack: 5 per box)

Tire Valve Pump Connections

8385A Pump Connection

Has rubber washer and 1/4" shank diameter to fit 7/32" hose I.D. (Standard Pack: 25 per box)



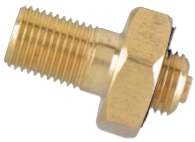
273286 Bicycle Pump Connection

Has rubber washer and 5/16" shank diameter to fit 3/8" hose I.D. (Standard Pack: 25 per box)

Adapters

317580059 Large Bore to Standard Bore Adapters

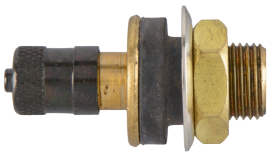
These adapters convert the large bore valves to standard bore for service with standard bore air line equipment. Used with 1759 cap.



Air-Liquid Core Housings and Accessories

6008B Tractor Front Wheel Valve

Low profile tubeless valve offers minimum protrusion above rim hole. Effective length: 9/16". Brass finish fits .625" rim hole. (Standard Pack: 10 per box)



5789 (TR-CH-3) Core Housing

Screws into all air-liquid valves and extensions shown here. Features O-ring seal. (Standard Pack: 10 per box)

Tubeless Type Air-Liquid Valves

These clamp-in valves have a removable 5789 core housing to permit fast filling of tires with liquid ballast solution. Fits .625"rim hole. (Standard Pack: 5 per box)

Flexible Extensions

1001-7 Dual Wheel Extensions

Flexible extensions are designed to provide convenient air service access to inner rear dual wheels. The extensions fit standard valve caps threads and include a clip to secure the extension to the wheel cut out. Can be used on campers, recreational vehicles and light trucks. 010017000 (Standard Pack: 1 per box)
